

LAWN SPRINKLER AUTHORIZATION FORM

Date

Name
Address

This document is notification to the above-mentioned homeowner that a permit application for a lawn sprinkler system has been received for the address listed above.

An approved inspection is required prior to activation of the system. Access to the inside of the house is required to inspect all plumbing connections required for the system. It is also the Village's recommendation that payment for services to the installer not be paid until this inspection is approved.

It is the responsibility of the homeowner to have the backflow preventer re-inspected by a Licensed Cross Connection Control Device Inspector, at their expense, annually thereafter and a copy of the certification provided to us. It is also recommended that the resident familiarize himself or herself with the current water conservation ordinance of the Village of Sugar Grove. Updated information can be found on the Village's website at www.sugar-grove.il.us.

Please date, sign and return a copy of this document either by fax (630) 466-1083 or mail to the Village of Sugar Grove Building Division 601 Heartland Drive Sugar Grove, IL 60554 as verification that you have read the above.

Sincerely,

Village of Sugar Grove Building Department
