The Village of Sugar Grove Administration Department has created a database of resident's E-mail addresses for the purpose of informing residents of current happenings within the Village.

One of the recently amended statutes is the Freedom of Information Act. This act is in place to guarantee that you have access to all information held by all public bodies and was recently amended to further open and honest government.

The Act requires that all information held by a public body be given to anyone who asks for it, with very few exceptions. One of these exceptions is private information such as Social Security numbers, home or personal telephone numbers, and personal e-mail addresses.

If the email address you are submitting is a personal address please indicate above in order to insure that your E-mail address WILL NOT be released to anyone, and will stay within the Village of Sugar Grove's computer system. As per the Freedom of Information Act, please note that non personal email addresses when requested must be supplied.

If you would like to become part of our E-New letter program, please complete this form and return it to:
